

Secretary-General's High-level Panel on UN System-wide Coherence
in the Areas of Development, Humanitarian Assistance, and the Environment

ENVIRONMENT CONSULTATION

Gigiri, Nairobi – 5 May 2006

ANNOTATED AGENDA

Objectives of the consultation:

- Interaction between Panel members and key actors in the field of the environment, including select experts, UN partners and NGOs.
- Enhanced understanding among Panel Members as to what are the key environmental challenges that the UN system will have to effectively address at the national, regional, and global levels over the short, medium and long-term.
- Enhanced understanding among Panel Members of the institutional framework within which environment is dealt with by the UN system, and its strengths and weaknesses.
- Enhanced understanding among Panel Members with regard to a range of, and rationale underpinning, recommendations that have been made with regard building a more coherent institutional framework.
- Enhanced understanding among Panel Members with regard to major challenges to mainstreaming environment in development decision-making; as well as best practices that have effectively linked the normative and operational aspects.
- Development of an understanding among Panel Members with regard to the type of proposals that they could put forward that would be ambitious and bold, yet practically realizable within the current inter-governmental context and consistent with the general framework of system wide coherence to be proposed.

Friday, 5 May 2006
